## President's Message

Fellow Members,

I hope that you and your families had a Merry Christmas season and safe and Happy New Year's celebrations. As we move into 2018, I ask that all members take an active role in your club. Please contact the officers and staff with any suggestions you may have to improve the operations of your club. Our club will continue to be successful and grow with your suggestions, ideas, and involvement.

We also appreciate your continued support during our event nights and fund raising activities. We have been drawing larger crowds during our Thursday wing night / sportsmen's drawing and the Wednesday night steak nights are quickly becoming very popular with our members and guests. Our still target shoots are also showing increased attendance. As crowds increase at these weekly events, we ask your patience during peak times. Perhaps, plan the evening out to avoid the 7 pm rush. Also, due to health department regulations and safety concerns, we ask you not to enter the kitchen area if you need assistance or your food order is not correct. Please see the bar staff or a member working the event, they will handle the issue. Again, please let us know of any ideas you may have to improve the operations during these peak times.

As the weather allows, our firearms ranges continue to see usage. As always, please put safety first during all range operations. All shooters must sign into the range log and display a grounds badge at all times. Please monitor your guests on the range, they are your responsibility as the member signing them in.

On a personal note, I would like to sincerely thank you for allowing me to be the President of your club. Although challenging at times, it's truly has been an honor. Please feel free to contact me if you have questions or concerns. Here's to a successful and prosperous 2018 at North American Rod and Gun Club. See ya at the club!
