President's Message

Hello Fellow Members,

As the fall season and cooler weather approaches us, the club remains an active and busy place. Some of the events that are coming up include the Gun and Cash give-away on November 3rd. This exciting event will be the first event of this type the club has sponsored in many years. Tickets many still be found for this event by contacting your fellow members. Everyone has really pitched-in selling the tickets, they are indeed moving fast. Your assistance is needed for the setup, running, and cleanup for this event. Other events include the Ladies Auxiliary Brass, Bras, and Bruschetta shooting event, the adults and kids Halloween parties, still target shoot and the weekly Sportsmen's drawing and wing night. Please check the on-line club calendar and the weekly "Happenings" email blast.

We will be seeing increased use of our ranges as the firearms hunting season approaches. Please remember to use our ranges effectively and safely. Help new members and guest shooters on the processes at our ranges. Report any issues immediately to a Board member, I can assure you we will follow up on each issue reported. Also, please consider becoming active in the maintenance and the upkeep of your ranges. We can always use assistance with the target frames and general up keep. I also welcome your suggestions on the improvements and update to your range.

We continue to make progress in the effective operations of our bar and restaurant facilities. We also welcome assistance in helping on the bar and restaurant committee. Please welcome our new staff members and make them feel welcome at North American.

As we move forward into the social media and on-line information age, I've received some requests that our monthly newsletter be moved from a printed version to an on-line or email version. Some members find the printed version difficult to read and find the items and events they are looking for. Please let me know your thoughts on this and the format that you would like to receive information on club activities and events. I would also highly encourage all members to subscribe to the Club's weekly email blast "NARGC Happenings". You can subscribe by signing up on the Club's website at www.nargc.net

Wayne Williams does an outstanding job of producing this weekly release and truly keeps you up to date on all events at your Club. Also please "like" the Club's Facebook page. The Facebook page contains up-to-date and last minute information on activities and events.

As always, I thank you for allowing me to be a leader in the operation of your Club, please contact me at any time with issues, suggestions or ideas you may have. With everyone's help, North American Rod and Gun Club will continue to be successful. See you at the Club!

Tim J. Gargana, President, North American Rod and Gun Club
